**Founded in 2006 by Sunshine Coast local Bradley Pavitt, Pavitt Earthmoving and Civil Construction began as a small earthmoving and pipelaying business with a vision to expand across the coast.** Since then, our team of highly skilled professionals and our extensive fleet have grown, allowing us to handle projects of all sizes with affordability and reliability. Our track record over nearly two decades reflects our commitment to consistently delivering successful outcomes. This success is anchored in our core values, which emphasise safety and high performance, ensuring excellent results for our clients.

Commitment to Indigenous Recognition

As an Indigenous certified business, Pavitt Earthmoving and Civil Construction is deeply committed to acknowledging and respecting Indigenous cultures and heritage. Certified by Elders in the Longreach community, we honour the Traditional Owners of Country across Australia and their enduring connection to land, sea, and community. We pay our respects to the Elders past and present, as well as emerging leaders, and take pride in representing the Indigenous community within our workplace.

## Summary

Pavitt Earthmoving and Civil Construction – One Call. One Group. One Solution.

Dozer Enterprises Pty Ltd is a versatile provider in the construction and development sector, offering a range of services tailored to meet diverse project needs. Specialising in earthmoving, excavation, and civil infrastructure construction, they excel in tasks such as site preparation, land clearing, trenching, leveling, and bulk earthworks. Their expertise extends to sewerage and watermain installation, where they manage the intricate aspects of laying critical underground utilities essential for urban development and

municipal infrastructure projects. Known for their commitment to quality craftsmanship and adherence to safety and environmental standards, Dozer Enterprises is a trusted partner for both commercial and residential clients. They combine modern machinery with skilled operators to deliver precise and efficient outcomes that meet client specifications and timelines. Whether undertaking demolition, site remediation, or complex civil infrastructure projects, Dozer Enterprises maintains a reputation for reliability and customer satisfaction, making them a preferred choice in the construction industry.

## Description

### Environmental Sustainability

In an era where environmental impact is critical, we prioritise environmental sustainability and awareness. We are dedicated to leading the industry in eco-friendly practices and maintaining sustainability for future generations.

### Commitment to Excellence

Our success is driven by our team of highly trained and skilled professionals who bring extensive experience to every project. We continuously invest in training and professional development to ensure our employees' skills remain current with evolving market demands and client expectations.

### Fleet and Equipment Maintenance

A cornerstone of our operations is the maintenance of our extensive fleet. We operate an on-site maintenance facility where our machinery is serviced by registered professionals with deep expertise in maintaining high-performance equipment. This ensures that our machinery operates at peak efficiency.

### Health and Safety

Having navigated the challenges of the COVID-19 pandemic successfully, we remain committed to rigorous sanitisation and cleaning protocols. All machinery is equipped with sanitisers and is regularly disinfected to minimise the risk of COVID-19 transmission.

### Certifications

We are proud to have achieved Australian Standards Certification in ISO 9001:2015 Quality Management System, ISO 14001:2015 Environmental Management System, and ISO 45001:2018 Occupational Health and Safety Management System.

These certifications reflect our ongoing commitment to improving our practices and delivering safer, more efficient services.
